§5.2: #6.
§5.3: #1a,g,i, 6c.

Problems to turn in:

WeBWork Homework 13

N.B. For full credit for problems in §5.2, be sure to justify existence of a global maximum or minimum. You will either have to resort to the technique of Example 5 or refer to (or state an appropriate generalization of) the appropriate homework problem when the obvious domain is non-compact.

§5.3: #2 (3), 4 (3), 5 (2).

Challenge problems (Turn in separately):

§5.2: #15* (4).
§5.3: #7 (3), 8 (3).
